Section 3 Research Proposal

Thesis Proposal

Keywords

Background and Significance of Research

.....

.....

.....

Objective

.....

.....

Literature review

.....

.....

.....

.....

Conceptual/Theoretical Framework/ Methodology

.....

.....

.....

.....

.....

.....

.....

Expected Outcomes

.....

.....

.....

The significance and Novelty of the thesis topic is classified as

- New knowledge
- New invention/innovation leading to a patent application.
- Translational research for industry and healthcare system
- Results can be expanded to the business and industrial sectors.
- Knowledge can be applied to develop teaching and learning material in class.
- Other, please describe

In the same thesis topic, have you applied or are currently applying for other research funds/grants?

- Yes
- No

The faculty board has approved the thesis topic at the meeting no. (e.g. 1/25xx)
 approval date (e.g. 1 Jan 25xx)

Budget (Please provide a detailed breakdown of estimated expenses)

| Research expenses or equipment for research | | Student expenses (not exceed 50 percent of the allocated amount) | |
|---|---------------|---|---------------|
| | Amount (baht) | | Amount (baht) |
| (1) Equipment | | (1) Research abroad expense | |
| (2) Material/utilities expense | | (2) International presenting expense | |
| (3) Chemical expense | | (3) Monthly allowance (no more than 9,000 baht for | |

| | | | |
|--------------------|--|---|--|
| | | MSC. Students and 12,000 baht for Ph.D. students) for Month | |
| (4) Other expense | | | |
| Total | | Total | |
| Grand total | | | |

I hereby certify that this thesis proposal is with potential publications as indicated in the application form.
